# Vision

**"To be the most Valued, Responsible, and Profitable hospitality eco-system in South Asia."**

168 Khush Rathod

# Mission Statement

**Exceptional Experiences**
Putting the Guest First

↓

**Stakeholder Value**
Growing a Strong, Rewarding Business

↓

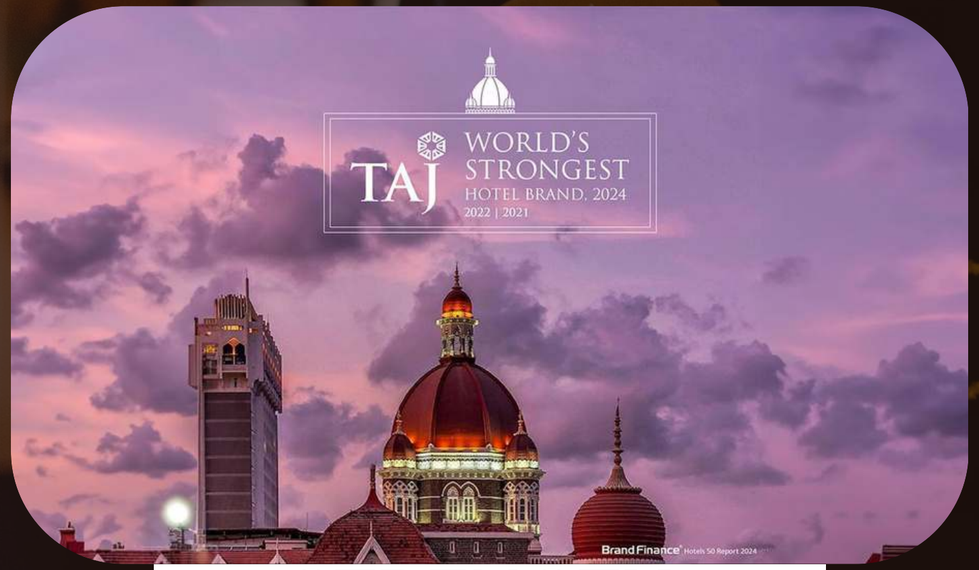

**Responsible Change**
Doing the Right Thing for the Future

# Key Objectives

**Accelerate 2030 Strategy**

| | |
|---|---|
| **Portfolio Expansion** | **700 hotels globally** |
| **Revenue Growth** | **Double consolidated revenue to INR 15000Cr** |
| **Sustainability Targets** | **100% renewable energy usage** |
| **Brand Leadership** | **Maintain Taj's status** Trust, Awareness, and Joy |

# SWOT Analysis

## STRENGTH

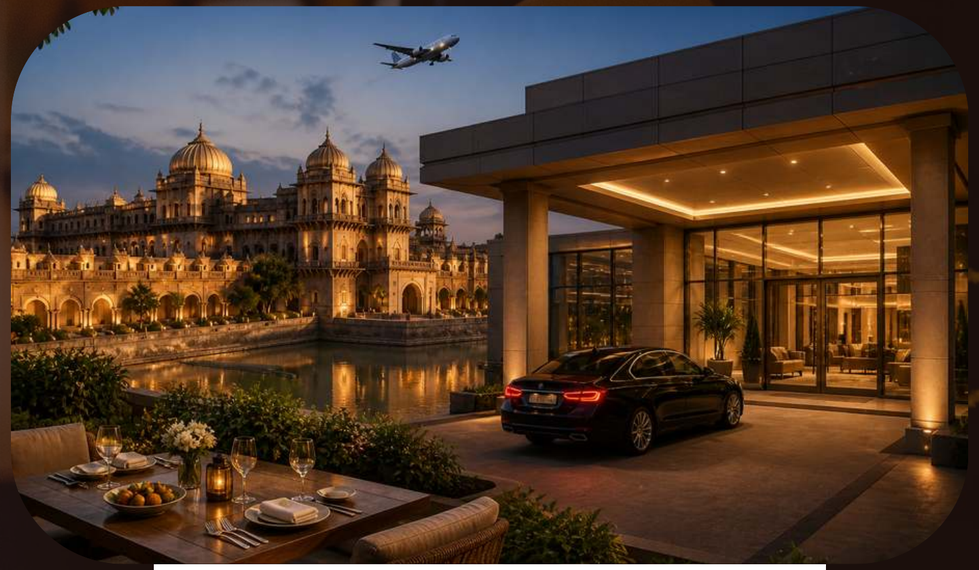

- Iconic Brand with Global recognition - World's Strongest Hotel Brand
- Taj signature service style - Emotional brand identity & experience
- Tata Group backing

## WEAKNESS

- High Operating Cost - maintenance
- Premium Pricing Limits Mass market Reach
- Complex Multi-brand Management - brand overlapping

# SWOT Analysis

## OPPORTUNITIES

- Spiritual and Heritage tourism - signed multiple hotels in Ayodhya
- Airport and Transit Hotels
- Aggressive Domestic Expansion - 26 hotels opening

## THREAT

- Rise of Alternative Accommodation platforms - OYO and Airbnb
- Terrorism & Security Risk - The 2008 Mumbai terror attack
- Intense Competition from Global Chains

# Competitors & Environmental Analysis

*Taj Hotels — Market Landscape*

**Direct Competitors**

- Oberoi Hotels & Resorts – Ultra-luxury rival in India
- ITC Hotels – Premium chain, strong domestic presence
- JW Marriott – Global luxury brand in metro markets
- Hyatt Hotels – Int'l luxury, expanding India footprint
- Leela Palaces – Heritage luxury, direct category overlap

## PESTLE Environmental Analysis

**P Political**

Govt. tourism policies, GST on hospitality, visa liberalisation supporting inbound tourism

**E Economic**

Rising India GDP & affluent class; forex fluctuations impact international guests

**S Social**

Growing experiential travel trend; preference for heritage & cultural stays among HNIs

**T Technological**

AI concierge, smart rooms, OTA platforms (MakeMyTrip, Booking.com) as key booking channels

**L Legal**

Compliance with FSSAI, fire safety norms, data privacy laws (DPDP Act 2023)

**E Environmental**

Net-zero targets, green building certifications (LEED), reducing single -use plastics

# Environmental Analysis — Taj Hotels

**120+** Years of Legacy

**₹8,200 Cr** FY24 Revenue (IHCL)

**4.2%** India Tourism GDP Share

## Micro-Environment

### Customers

HNIs, corporate travellers, MICE clients & luxury leisure tourists are core segments. Rising aspirational middle-class adds a new tier.

### Suppliers

Dependency on F&B suppliers, linen & amenity vendors. Post-COVID supply chain disruptions pushed Taj to localise procurement (Make in India push).

### Intermediaries

OTAs (MakeMyTrip, Booking.com) drive ~35% bookings; Taj's InnerCircle loyalty app aims to shift to direct channel (lower commission).

## Macro-Environment

### Economic Trends

India's GDP growth (6.5–7%) fuels domestic luxury travel. Forex volatility affects inbound international guests and F&B import costs.

### Socio-Cultural

Post-pandemic experiential travel boom; preference for heritage & wellness stays among 35–55 age HNI segment; 'workcation' demand rising.

### Technological

AI concierge pilots (chatbots, smart rooms), revenue management algorithms, and digital check-in being rolled out across flagship properties.

# The 5P model
# Taj Mahal Palace

## Plan

*(Intent)*

- Aspiration 2022: Goal for 35% profit growth.
- Tajness: Standardized plan for luxury service.
- Tiers: Using Ginger/Vivanta to cover all markets.
- Digital: Implementing AI for guest bookings.
- Green Goal: Plan for 100% plastic-free operations.

## Ploy

*(Maneuvers)*

- Crisis PR: Using resilience to build brand trust.
- Dynamic Rates: Price changes to beat local rivals.
- VIP Deals: Partnering with luxury brands for exclusivity.
- Elite Events: Hosting heads of state to gain prestige.
- IP Guarding: Protecting unique "Tajness" service methods.

## Pattern

*(Habits)*

- Heritage: Always mixing history with modern luxury.
- Staff Care: Long-term habit of high employee welfare.
- Customization: Habit of tracking guest likes for years.
- Maintenance: Regular, high-budget property upgrades.
- Tata Values: Consistently choosing ethics over profit.

## Position

*(Market)*

- Prime Spot: Exclusive location at Gateway of India.
- Top 1%: Targeting the world’s wealthiest travelers.
- Cultural Icon: Positioned as India’s "living museum."
- Trust Leader: Safest brand image under Tata Group.
- Premium Price: High rates to maintain elite status.

## Perspective

*(Culture)*

- Atithi Devo Bhava: Mindset that the guest is God.
- Nationalism: Viewing the hotel as India's pride.
- Artistry: Thinking of service as an art, not a job.
- Philanthropy: Focus on social good over just revenue.
- Resilience: Deep belief in "standing tall" during crises.

TAJ HOTELS

PRODUCT LIFE CYCLE OF

# TAJ HOTEL

A legacy of Indian hospitality. Evolving with time.

## 1. INTRODUCTION

1903 – 1950s

- Launched Taj Mahal Palace, Mumbai in 1903
- First luxury hotel in India
- Target: Elite British & Indian royalty
- High costs, low initial awareness

## 2. GROWTH

1960s – 2000s

- Expansion across India – Goa, Delhi, Chennai, Kolkata & more
- Converted royal palaces into luxury hotels
- Entered international markets – London, New York, Middle East
- Rising tourism demand & strong brand recognition

## 3. MATURITY

2000s – 2015 approx.

- Brand well-established with strong competition
- Market saturation in luxury segment
- Introduced sub-brands – Vivanta, Gateway
- Focus on differentiation & brand segmentation

## 4. RENEWAL / REINVENTION

2017 – PRESENT

- Transformation under CEO Puneet Chhatwal
- Shift to asset-light model
- Multi-brand ecosystem (Taj, Vivanta, Gateway, SeleQtions, Ginger, Qmin)
- Digital innovation & new ventures
- Strong financial comeback & global expansion

**ACHIEVEMENT**

World's Strongest Hotel Brand (2025) by Brand Finance

300+ Hotels | 100+ Locations | 20+ Countries

**PLC INSIGHT**

| INTRODUCTION | GROWTH | MATURITY | RENEWAL |
|---|---|---|---|
| Innovation & Awareness | Rapid Expansion & High Demand | Peak Stage with Competition | Reinvention & Sustainable Growth |

> "Taj Hotels has successfully extended its life cycle through innovation, expansion and brand diversification – a classic example of PLC extension strategy."

# Future Outlook

Asset Light Model: Strategic emphasis on management contracts rather than property ownership, enhancing EBITDA margins and enabling rapid expansion with reduced capital investment while maintaining brand standards across all properties.

Sustainability - Paathya Initiative: Comprehensive ESG framework embedding environmental stewardship, social responsibility, and governance excellence to attract modern, responsible travelers seeking meaningful luxury experiences.

# Business Synergy Plan

## Taj Hotels × Creator & Luxury Experience Ecosystem

- **IDEA**

Taj Hotels can partner with content creators, luxury brands, and event organizers to create premium lifestyle experiences inside their properties.

- **ACTIVTIES**
  - Creator retreats & IRL event
  - Luxury brand collaborations
  - Podcast/content shoot locations
  - Exclusive staycation packages
  - Premium dining & entertainment experiences

- **OBJECTIVE**

To attract younger audiences and increase brand engagement through modern digital marketing and luxury experiences.

220 Spaarsh Tiwari

# Benefits & Business Impact

## Why This Synergy Works

### Benefits for Taj Hotels

- Increased hotel bookings
- Higher social media visibility
- Additional event-based revenue
- Stronger luxury brand positioning

### Benefits for Partners

- Premium venue access
- Better audience reach
- High-quality branded content

### Conclusion

This business synergy helps Taj Hotels grow beyond hospitality and become a modern luxury lifestyle brand.

# BENEFICIAL STRATEGIES

## 1. Fashion Brand Partnerships

- Taj can invite luxury fashion brands to open boutiques inside hotels.
- Guests can shop premium clothing, accessories,and  jewelry without leaving the hotel.
- Special fashion events or seasonal showcases can be organized.

**Example:** Collaboration with brands like Louis Vuitton or Gucci

## 2. Luxury Car Brand Partnerships

- Partner with luxury car companies for airport pickups and city tours.
- Premium airport transfers for VIP guests.
- Chauffeur-driven luxury city tours.
- Special packages for business travelers and celebrities.

**Example:** Partnership with Mercedes-Benz or BMW

**Benefit:** Creates a premium lifestyle experience and attracts high-end customers.

# BENEFICIAL STRATEGIES

## 3. Mobile Check-in and Check-out

- Guests can use the hotel app to complete arrival and departure processes.
- Online booking confirmation and digital room key.
- Skip waiting at the reception desk.
- Quick bill payment and instant checkout.

**Benefit:** Saves time and creates a smooth first impression.

## 4. Airport & Transit Hotel Growth

- Offer flexible hourly stay options (3–6 hours)
- Open hotels near major airports.
- Provide fast check-in and check-out.
- Offer airport pickup and drop services.
- Give quick meal and refreshment services.
- Target transit passengers and short business travelers.

**Benefit:** Higher occupancy and extra revenue.
